Highlights of 2015

NZHA successes included:

- Publishing **five safety bulletins** on accident analysis. These are world leading.
- **Emergency Location of Aircraft** - lobbied CAA to rely on satellite tracking systems rather than ELTs.
- **Over Water Operations**- lobbied CAA for an exemption to CARs to permit the use of satellite telephones as an acceptable means of communications for flights in excess of 30 minutes from land.
- **Search & Rescue Standards** – lobbying against the development of new SAR standards for aviation where robust aviation standards already exist (eg human sling loads)
- **Safety Initiative** – NZHA is working jointly with CAA to examine incident trends and feed these back to the helicopter community. This will provide valuable trend data not currently available.
- **New CAA 005** reporting form developed to support the above work.

Training and Development Division achievements include:

- **New Integrated Professional Pilot Training Programme.**
- **Risk profile** for the training industry
- Repeating the annual **pilot training survey** - giving us authoritative trend information.
- **Strengthening relationships** with MBIE (visa approvals in newer markets), TEC and NZQA.
- **Transferring 'best practice'**, by sharing exam performance data
- **Growing membership** and member visits

Supply, Services and Engineering Division highlights

- Finalised a **strategic plan** for this diverse division which will result in a range of agreed activities in 2016.

Our Agricultural Aviation Division successes include:

- **Pilot Chemical Rating** – a new GROWSAFE® Course (approved by CAA) is being developed that is non-unit standard based.
- **Down to the Wire Campaign (DTTW)** now has active CAA support and sponsorship.
- **Guidance Note for *Environmental Best Practice in Agricultural and Rural Aviation*** is now finalised (a 3 year project). It is now on the Quality Planning website where Councils go to learn what industry best practice looks like and how they can shape their Air and Water Plans.
- **Regional Council Rules** – Ensuring agricultural operations are supported in Air and Water Plans.
- **Agriculture Sector Safety Bulletins.**
- **Time in Service Recorder (TiSR)** is the number one risk in the Ag Sector Risk Profile. The independent project to scope the development of a TiSR is now complete and will move to the development, certification and marketing stage.
- **Fatigue Risk Management Plan** approved by CAA's HSE unit in 2015 available free to members. This year participating in CAA's FRM Panel to ensure that members get a good outcome.
- **SMS Manual Template** to enable members to easily transition into SMS and also meet new HSE requirements.

UAVNZ highlights include:

- **Inaugural UAVNZ Conference** with 250 delegates – the Shared Skies Symposium in Masterton (as part of Wings Over Wairarapa)
- **Promoting the UAV industry** – and safe and professional operating practices (multiple press releases, Privacy Commission workshop, interaction with agencies)
- **Supporting** UAV companies by providing templates and standards, engaging with CAA and the wider aviation industry

The **Aviation Leadership Summit** was held in Queenstown in July 2015. This year, we partnered with the Australian Agricultural Aviation Association – and our Summit had a distinct ANZAC theme – celebrating 100 years of the ANZAC spirit and cooperation.

We had over 350 delegates at the Summit and a record number of **420** at our **Aviation Gala Awards Evening** at the magnificent Skyline.

We had many high calibre international speakers – with a particular highlight being Dr Tony Kern – CEO of Convergent Performance in the United States.

Cash benefits to members:

- The average member saves **\$7026** by being a member of Aviation NZ
- In the last year members saved \$264,269 using N3
- Each member saves an average of **\$2,278** using N3
- Many members save more than their costs of membership
- NZ Forex delivers foreign exchange savings to members

We had 80 new members in 2015

Our **Women Leaders in Aviation Summit** was launched in October 2015. This programme promotes networking, diversity and encourages women to pursue an aviation career.

The feedback on our event has been fantastic – with all participants scoring the event **8,9 or 10 out of 10**. Our world class inspirational speakers were a particular highlight for many.

Increased networking and collaboration opportunities

- Over 20 Divisional meetings this year
- Monthly Council telcons
- Whole of Government Aviation Group **function** in Palmerston North
- Aviation Leadership Summit partnering with AAAA
- Women Leaders in Aviation Summit
- Annual **Stakeholder** Function in Wellington with the Aviation Federation

MoU signed with this airline in Vietnam for:

- Aviation Training (pilot, engineering and aviation English)
- Aviation services

Highlights of 2015

Lead Inspire Grow

New Zealand Government

The **Whole of Government Aviation Group** has met with us a number of times to progress the **aviation growth agenda**.

Our focus is to support aviation growth or remove barriers to growth.

Members include: Ministry of Transport, CAA, NZ Trade & Enterprise, Ministry of Foreign Affairs and Trade, and Callaghan Innovation.

Key issues being progressed include:

- **Rules Development** – Pt 147
- **GST on B2B training contracts**
- **Prioritising countries for improved G2G aviation relationships**

We are the voice for the NZ aviation industry.
The only weekly aviation industry newsletter – with 2000 readers
12 **editorials** in Aviation Trader/Airwaves in Australia
A regular **column** in Kiwiflyer
X **Press releases**
Regular media interviews and comment on topical issues

Department of
Conservation
Te Papa Atawhai

We are working with **DOC and the Tourism Industry Association** to support **sustainable growth of aviation tourism** for our TFO operators.

We have made over 50 submissions on industry issues including:

- **Civil Aviation Act Review**
- **CAA Funding Review**
- **New Southern Sky**
- **RPAS/UAVs**
- **Medical fee**
- **Colour Vision Deficiency**
- **Safety Management Systems**
- **District Plans**
- **Aeroclubs**
