

Helicopter Flight Training Ltd based at Ardmore Airport, Auckland, is seeking expressions of interest from suitably qualified helicopter pilots for the position of Chief Flying Instructor. The company operate SC 300 CBi, BELL 206 and BELL 47 helicopters and provides PPL + CPL + IFR programmes to both New Zealand and international students.

Suitable applicants would have either an A or B category Instructor rating or the ability to convert a military QFI to a CAA licence. The role would suit an experienced instructor. It offers a mix of instructing, management and Part 135 flying.

The role includes;

- Managing the flying training syllabus for all Courses and all flying staff
- Carryout flying instructing duties
- Supervise rosters for all flying staff and students
- Administer students progress, reporting monthly to the Managing Director
- Liaise with NZCAA and ASL in all matters relating to Training and Flight Tests
- Operate helicopters as a pilot on Commercial Air Transport Operations when required
- Initial screening and final, joint selection of student applicants
- Interviewing of and final joint selection of Instructing staff applicants
- The flying training programme
- The Ground Theory curriculum
- The delivery of Ground Theory tutorials and lectures
- The continuous refinement of the flying syllabus for all courses
- The continuous development of standards for Instructors
- The relationship with AIA and the Aviation Industry

The CFI should be self motivated and enthusiastic with leadership skills.

- Good computer literacy is important.
- A High standard of personal presentation.
- Excellent verbal communication skills.
- The ability to be productive and motivate others.
- Organisational and time management are crucial.

This is an interesting and varied role. Remuneration is negotiable & commensurate with experience. Applications with a CV should be sent to: [gm@hft.school.nz](mailto:gm@hft.school.nz)
