

## NEWS AND MEDIA RELEASES

### [Growing New Zealand's emerging farming leaders](#)

A funding boost from sponsors including Beef + Lamb New Zealand has enabled five prestigious Nuffield New Zealand Scholarships to be awarded for 2013, up from the usual two or three.

### [Beef + Lamb New Zealand director elections](#)

Nominations are being called for two farmer-elected positions on the Board of Beef + Lamb New Zealand.

### [Bring on the technology](#)

We shed some light on a new tool to help you get the job done - 3D printing.

### [Beef + Lamb New Zealand welcomes third Land and Water Forum report](#)

The final report from the Land and Water Forum strikes a balance between preservation and production.

### [Social media opportunity for farmers to join the conversation](#)

Telling the pasture to plate story in your own words is a great way to connect with the people that buy your products.

### [Country comes to town](#)

Young Farmers of New Zealand is doing great work in bridging the rural urban divide, says B+LNZ farmer director James Parsons.

## FEATURED EVENTS

### [Scene + Herd conference call](#)

Join us at 7.30am on Wednesday 19 December for our final conference call for the year. It's a great way to catch up with the latest from your organisation and hear first-hand from speakers all around the world on technology, markets, policy or politics. And if you're in New Zealand, it's free! Click on the link to find out who's on the line this month and register your interest. The next Beef + Lamb New Zealand annual meeting will be held in Wanaka

### [2013 Annual Meeting](#)

The next Beef + Lamb New Zealand annual meeting will be held in Wanaka on 8 March. Eligible livestock farmers are invited to submit proposals for remits by 20 December 2012.

### **TOOLS AND RESOURCES**

#### [View the latest global indicator data](#)

We monitor export and production information from around the world that has a bearing on our sector, including Australian lamb and beef exports, UK mutton and lamb production, and price trends in soft commodities like wool, cotton and rubber, grains and oilseed.
