

Wednesday 19 September

**[Hong Kong ICT Connect](#)**

This event's speakers will share their experiences, advice and perspectives on Hong Kong's value for ICT businesses, taking place in Auckland and Christchurch.

**[Video: South Korea high-tech peninsula](#)**

Find out about how two New Zealand companies - Rakon and Right Connect - have found their feet in South Korea's competitive ICT market.

**[Blog: Aviation light years](#)**

In a world where the price of fuel goes ever higher, the future will see more and more use of composite materials in the construction of all classes and sizes of aircraft.

**GLOBAL INSIGHTS**

**[Singapore: organic food hot spot](#)**

Demand for organic food continues to strengthen in Singapore with food safety concerns identified as a key driver. The organic market is growing, but it's still at a size that small New Zealand organic producers can manage. Food and beverages account for more than 70 percent of New Zealand's exports to the country. Singapore Trade Commissioner Ziena Jalil reports.

**INNOVATION SPOTLIGHT**

**[TEDxAuckland 2012: The wonders of the Wall](#)**

Victoria Spackman of Gibson Group has just been announced as a speaker at TEDxAuckland. She will be enriching people's minds to the future potential of The Wall, a global award winning storytelling platform that takes history to the streets.

**REGULATION CHANGE**

**[China's Food Safety Law](#)**

New Zealand exporters may be aware that China continues to develop and amend its Food Safety Law, and as a result exporters occasionally face new constraints, amended guidelines or amended import requirements and
