

Latest News - Autumn 2012

Without a doubt winter is here!!!! but with the cold snap we have had some of the most beautiful autumn mornings/days and evenings and along with that, some excellent flying.

TRENZ 2012

Congratulations to our Queenstown colleagues and a special thanks to TIA for another spectacular TRENZ. The weather played its part and a number of overall improvements were noted. To those that we are already doing business with and met up with again, great to see you and to those who we hadn't met before, we are looking to building relationships with you.

A special guest - Mr. John Key (*New Zealand's Prime Minister and Minister of Tourism*) made time to chat at the Volcanic Air Safaris and Mitai Maori Village booth with Tania and myself.

Once again Volcanic Air Safaris will be in attendance at the annual National Fieldays at Mystery Creek from the 13-16 June 2012 offering helicopter joy rides to the event. This year, along with our own aircraft we will be bringing the Bell 46 MASH CHOPPER. To pre purchase tickets head to www.streamticketing.co.nz

WHAT OUR VISITORS ARE SAYING ABOUT US.....

At Volcanic Air Safaris we love receiving feedback and comments from our visitors and it gives us great pleasure to share this feedback :

16 May 12 - Allan & Philicity Cornish - Awesome - we have only one complaint!!!! The trip was not long enough, Everyone should do it.

.....and from Gloria White on the 6th May 12 "It was brilliant. A big thank you to our Pilot Angela and the team. Super!!

Thank you also to Tourism New Zealand & DRM for their support in assisting 7 International Buyers to experience the magnificent - White Island.

We wanted to take a moment to congratulate Charlene McGechan who was a spectacular contestant on the MasterChef New Zealand program currently screening on NZ Television, TV1 on Tuesday @ 7.30. Charlene came 5th in the competition and was a fabulous and gracious contestant. Charlene is married to Rob McGechan, who up until last month worked with us at Volcanic Air Safaris as one of our highly experienced floatplane pilots. The McGechan family have since relocated to Dubai and are very much missed by the team here but we wish you all the very best in your new venture.

and on the 30 April 12 Sue & Elaine from Northampton England left this comment about one of our helicopter Pilots "Will you marry me Kerry!? I will keep you posted....."

ANOTHER FASHION SHOOT WITH THE DE HAVILLAND OTTER

This magnificent aircraft has again been chosen for an international photo shoot. You may remember we brought to you a story about a photo shoot for an International luggage brand. This time N.Z.A Auckland New Zealand Clothing which is a European based clothing company chose the beautiful surrounding lakes and the Otter floatplane as a backdrop to their latest clothing catalogue. Check out nzanewzealand.com to view the entire content.
