

Aviation Community Medical Liaison Group

The Civil Aviation Authority is establishing an Aviation Community Medical Liaison Group with the intended purpose of providing a forum for the exchange of information. This includes the wider aviation community (includes the Civil Aviation Authority) and will look at the functions and performance of the New Zealand medical certification system and those medical matters that have an impact on aviation in general.

You have been selected as having an interest in attending these group meetings and the first meeting is scheduled for the 10 September 2013 10am – 3pm at the Civil Aviation Authority in Wellington to discuss a proposed terms of reference and lay the foundation for future meetings.

The draft terms of reference is near completion as is the agenda and these will be sent to you closer to the meeting date. If you are interested and looking at attending, please indicate your interest by replying judi.tehuia@caa.govt.nz or alternatively, submit a response by post to:

Aviation Community Medical Liaison Group
Personnel and Flight Training Group
Civil Aviation Authority
PO Box 3555
Wellington 6140

I do apologise for the late notification however; we will ensure that a schedule for future meetings is established well in advance.

Regards

John McKinlay
Manager Personnel and Flight Training
