

*The next six month review with our auditors, Navigatus, will take place shortly. Revision six to the suite of documents is underway. Remember these are living documents and improvements are always welcome. Applications for accreditation continue to be received - we'd like to congratulate Southern Lakes Helicopters Ltd on their accreditation into the programme.*

*Further development and expansion of the scheme is expected very shortly. Interestingly, we had an inquiry this week from a farmer customer in the south Waikato area expressing interest in the programme, both in terms of addressing environmental effects and mitigation of some of his concerns relating to customer assurance.*
