

OFFICE LOCATION AND CLIENT CARPARKING

Our office is at **Level 14, 7 City Road, Grafton (Auckland Central)** – represented by the **blue pin** on the map below. It is close to Symonds Street and Karangahape Road, and is opposite Cordis (formerly The Langham Hotel).

Our carpark is underneath the building at **67 Symonds Street**, and the entrance ramp is about 50m from the corner of City Road, marked by a Secure P carpark sign alongside the footpath – represented by the **red pin** on the map.

Drive down to the bottom of the ramp, and continue straight. Turn left at the end, then take the first left. The Carter Atmore client carparks are on your left, marked with our logo.

Assuming your car is parked nose first, the door to access our building is on the far wall behind you. Summon a lift and press level 14.

To return to the carpark, take a lift down to level 4. Exit the carpark via the same ramp.

Please note, due to construction works at Cordis, City Road is now restricted to one-way traffic. It is limited to westbound vehicles entering from Symonds Street only.

Roadside parking is also no longer available, except for motorcycle and mobility parking on the hotel side of the road.
